### Description:

Now, for the first time, a low cost cross band repeater designed for law enforcement use. Easy to use, just plug in 12 Vdc and your Motorola portable radio and you are on the air. Other radio interfaces available on request.

If your department is on a 800 Mhz trunking system and you want to re-broadcast your body wire transmitter, this is the product that will do the job.

The new cars with plastic bumpers have a steel bar that runs behind the bumper. Just attach the antenna to the steel brace behind the bumper to complete your installation covertly.

The comes complete with receive antenna and power cables.
