Description:

This new encoder is our answer to expensive camera and pan & tilt controllers. A full 16 button encoder encased in a full metal housing for R.F. shielding, makes this encoder perfect to modulate our set of telemetry transmitters to control camera Zoom, Focus, & Iris and well as the pan & tilt plus turning on and off a remote video transmitter or other function.

These units are compatible with our improved PTZ-357 Pan & Tilt and standard DTMF decoder.
