Description:

The **H20SDM** hand held controllers are designed to be used with HarrisTech pan & tilt units, Sony block cameras or any conventional motorized zoom lenses.

The **H20SDM** are housed in black powder coated diecast metal boxes with the functions accessed and controlled through paddle switches, a speed control potentiometer and 5 auxiliary switches with screw terminals. It also has a 5.6" TFT video monitor with a *BNC* video out.

There are two variations on the **H20SDM**, the **H20SDM-XLR** & **H20SDM-MIL**.

The XLR version has *XLR* connectors for pan & tilt, lens and 12VDC.

The MIL version has an *XLR* connector for 12VDC while the *MIL-C* connector runs pan & tilt and the camera functions.

Dimensions are: 45 x 120 x 95mm (plus switches and connectors).
