Date: 11/06 - Restrictions: None

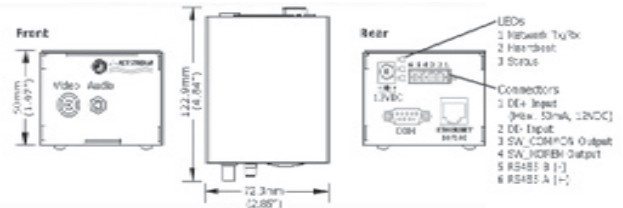

**Video Server with PTZ**

**Video Server  
MODEL # KS-VS-2**

**Features:**

- MPEG 4 Streaming with Audio
- 10/100 4 baseT Ethernet
- Adjustable Image Size, Bit-rate
- Time Stamp & Text Overlay
- Pan, Tilt, Zoom Control
- RS-485
- 3 Motion Detection
- Windows & I/O

**\$595.00**

**Specifications:**

|                          |                                      |
|--------------------------|--------------------------------------|
| <b>Operating System:</b> | Windows XP                           |
| <b>Browser:</b>          | Explorer 5+                          |
| <b>Network Protocol:</b> | TCP/IP, SMIP, +                      |
| <b>Video Modulator:</b>  | NTSC                                 |
| <b>FPS:</b>              | 30 fps @ 352x240<br>10 fps @ 704x480 |
| <b>Audio Capacity:</b>   | 24 kbps                              |
| <b>Power Supply:</b>     | 12 VDC @ 1.5 A                       |
| <b>I/O's:</b>            | 12 VDC @ 50 mA                       |

**Description:**

This new video server allows connection to a video camera and a network or the internet. The video server supplies a static IP address for ease of access. It further allows for PTZ functions using RS-485 in Pelco D, VISCA and Canon formats.

30 FPS maybe realized at 352 x 240 and higher resolutions at slower speeds.
