Description:

The Officer Safety Kit was designed for the ultimate narcotics task force system. The kit contains the latest 1 watt body wire transmitter with a built-in digital recorder. The receiver is a portable radio with a built-in digital recorder for back up. The kit further contains the latest night vision digital pocket scope with a built-in laser illuminator and digital video recorder. In addition, we have added a high power 960 nm covert laser illuminator with variable beam width control as well as intensity. The kit is completed with a surveillance grade set of binoculars. The kit comes in a weather proof Pelican case.
