12 Vdc**

Portable Battery Pack MODEL # KSB-16C

Features:

- < 1/2 volt self discharge per 6 months
- 4 ea 12Vdc outputs
- 20 Amp/Hours
- Built-charger
- Digital Voltmeter

4 Outputs

\$695.00

Specifications:

Power:	20 Amp/Hours
Voltage:	12Vdc
Weight:	16 Lbs
Voltage indicator:	LCD- 7
Charger:	3 Amp/Hours
Case:	Pelican 1400
Outputs:	2.1 mm, PT02, Push Term, & Cig. lighter

**NOW! with a waterproof PT02A output connector (Power out with lid closed)
Pin "A" = Gnd, Pin "D" = +12Vdc**

Description:

This unit supplies a full 12Vdc at 20 Amp/Hours. Designed for the officer that needs a power source that can be charged from 115Ac source or on the way to a incident from the car.

The battery source has a very low self discharge rate which makes it perfect for law enforcement use. **The battery can set on the shelf for more than 6 months without recharging.**

Everyone knows, when you grab a battery operated device, the internal battery always requires several hours of charging before using. The new voltage indicator reads out voltage to one hundredth of a volt for accurate operation. The four outputs are: 2.1mm plug, Quick terminals, and Cigarette lighter jack & PT02. (Mil. Spec.) This model also allows powering 12Vdc sources while plugged in to 115Vac. "Its a UPS"
