Description:

This video down link system was developed for the law enforcement agency on the move.

This new kit includes all that you require for an airborne operation. Available in "L" or "S" band, the kit includes, ovation's encryption, our new 10 hour DVR recorder, extra large monitor screen, true diversity microwave receiver, and our latest dual gain antenna system.

This kit is not only great for law enforcement, but military, broadcast and disaster reporting and control.
