Description:

If you are looking for a complete day/night video surveillance system kit, the XL kit will meet your requirements. Now being used by several law enforcement agencies, the Canon XL-2 camera with optically stabilized lenses, will meet the most vigorous surveillance requirements needed by surveillance teams.

For day time operation, use the standard 16X stabilized lens, and when the sun goes down, just insert our 745 night vision adapter between the lens and camera and you are setup with the finest system available to law enforcement surveillance teams.
